 CORONAVIRUS Information

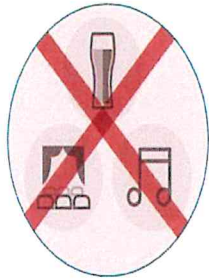

BBC

Corona has proved that everything around us is so temporary. Things our lives revolved around ...work, gym, malls, movies, society have all gone for a toss as we are learning to live without them. It has taught us that in the end it's your own home and family that keeps you safe.

How can I try to stay well and avoid spreading the virus?

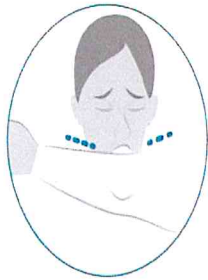

Wash hands frequently with soap and water or use a sanitiser gel

Work at home where possible and avoid social venues

Catch coughs and sneezes and throw away used tissues

If you don't have a tissue use your sleeve

Avoid touching your eyes, nose and mouth with unwashed hands

Avoid close contact with people who are unwell
